# Time

Monday	Tuesday	Wednesday	Thursday	Friday
Find pennies in your house. Count them by 1's. How many do you have?	Sing this rhyme 3 times: <i>Penny, penny, Easily spent Copper, brown And worth one cent</i>	Draw the front and the back of a penny.	We have 8 bikes. Someone gave us some more. Now we have 12 bikes. How many bikes did they give us?	Practice counting by 2's to 100
Find nickels in your house. Count them by 5's. How much money do you have?	Sing this rhyme 3 times: <i>Nickel, Nickel, Thick and fat You're worth 5 cents. I know that!</i>	Draw the front and the back of a nickel.	If you picked 15 flowers, how many flowers would you have if you picked 4 more?	Practice counting by 2's to 100
Find dimes in your house. Count them by 10's. How much money do you have?	Sing this rhyme 3 times: <i>Dime, Dime, Little and thin I remember You're worth 10.</i>	Draw the front and the back of a dime.	My friend is 6. In three years how old will he be?	Practice counting by 2's to 100
Take a handful of coins and sort them into pennies, nickels, dimes, and quarters.	Sing this rhyme 3 times: <i>Quarter, Quarter, Big and bold You're worth Twenty-five, I'm told.</i>	Draw the front and back of a quarter.	Write an addition story using the numbers 6 and 4. Draw a picture and solve.	Practice counting by 2's to 100
